THE MUSICAL CONVENTION for this county, it will be seen by a notice in the adverticing columns, is to take place at Lenox, under the direction of Prof. Luce. The allusion is sufficient to fix the attention of the friends of music

The arches which form the abutments of the new iron bridge at the depot, have been carried to their desired elevation, under the mechanical skill of Mr. McDonald. They are creditable monuments of mechanical skill, not only, but of the enterprise, thrift, and enlightened economy of the Company. We understand the work is now to stand for the winter.

LECTURE.-Anson G. Chester is to lecture at Smith's Hall, on "Old Boys and Girls," on Wednesday evening, the 16th inst. All the old residents of Ashtabula will recollect Mr. Chester as having spent several years of his boyhood in the family of his stepfather, the Rev. John Hall. All the students of the old Ashtabula Academy, particularly will recollect him as the perpetrator of many rhymes which gave promise of future excellence in the field of poetry. He ieft home while still a boy. Since graduaing at Union College, he has been editorally connected with several prominent journals, the last of which was the Buffalo Commercial Advertiser. Before resigning his position in the office of the last named paper, he had begun to attain considerable reputation as a public lecturer. Recently, he has entered more extensively upon the lecture field, in which he is

design and finish; compact, and reduced to the smallest compass in size; effective and easily operated; and above all, so cunningly construced, as at pleasure to let the water off, thus rendering everything secure against injury, or interruption in use from frost. The prices, too, are so moderate as to bring them within the reach of all. No one, we should think, on becoming acquainted with these pumps -there are three grades-would deprive himself and family of their assistance in the culinary operations of the household.

The article on "English Beauty" we have not yet found time to put into type, but, if we ever master the cherography, will endeavor to do so for the outside of next week's paper, if not

crowded out by matter already engaged for. The obituary, alluded to by the author, as having failed of a place in the Telegraph, we have not now any recollection of. Our practice is to give the announcements, but when accompanied by commendatory comments or lines, upless of general interest, or the the payment of the publication is arranged for, such accompaniments, are uniformly omitted.

JEFFERSON, Dec. 2d, 1863. To the Citizens of Ashtabula County:

We have just received a letter from Captain Cadwell, that makes some changes as to time,

Townships by this order have credit for recruits since the 24th day of October, 1863. This County is allowed to recruit for men for service on Johnson's Island. Those who wish to enlist in the regiment to serve there, will report to us at once. The first five good men who offer will be sent forward,

Any colored men desiring to enlist, will report to us. J. D. Ensign, Sec'y of Mil. Com.

HEADQUARTERS. PROT. MARRIELL, 19th District, Ohio, Warren, Nov. 27t 5, 1863. GENTLEMEN:-This morning I received the following letter from Col. Parrott, the A. A.

Also the following order: "Provost Marshals are directed to make requisition on the Governor for transportation of colored men, desiring to enlist, from their respective stations to Delaware, Ohfo, where they can be enlisted; or for recruits for the regiment at Johnson's Island, who will be enlisted at Cleveland, Ohio."

So that if you get any colored men, and when you get your number for Johnson's Island, you should write to me for transportation, stating where they are to go from, that is the Railroad station from which they wish to start, and it would be best to have the recruite for Johnson's Island, from your county, all start

Teachers' Institutes.

Grand River Institute has just closed another successful term. The number of students has been larger than usual, notwithstanding so We offer Bargains in Foulard Silks, many young men have gone to the war. The closing exercises of the school were highly ereditable to teachers and pupils. Compositions were well written and well read: orations evinced thought and culture, and the delivery would compare favorably with that of college gradaates.

But, I desire to call attention to the claims and value of Teachers' Institutes, when properly conducted Our esteemed Principal, G. W. Walker, A. M., wisely called to his aid men of experience, and eminently fitted for their work, to assist in conducting the exercises of the Teachers' Institute, which, as usual, occupies the last week of the Fall term. Prof. S. S. Hamill gave valuable instruction in Elecution. branch of education sadly neglected in our common schools, such instruction as will great ly aid teachers in making good readers not only of themselves, but of their pupils,

Mr. E. E. White, the State Commissioner of Common Schools, was also present, and rendered invaluable service. I state the conviction of more than sixty actual and many more prospective Teachers present, when I say, "He is the right man in the right place." Than!'s to our worthy Governor for his appointment We feel confident that our Legislature will perpetuate the office so long as it can be filled by those as well qualified to discharge its duties as the present incumbant Mr. White is an experienced and successful Educator. His heart is in his work and his whole energy deroted to the accomplishment of it. He gives instruction to teachers on just the points where they need counsel. He aims to start them right. As Mr. White designs to attend Teachers' Institutes in various parts of the State, I would urge all tenchers and all expecting to become teachers, to avail themselves of his in-

Ashtabula county alone, could well afford to bay one-balf his yearly salary for his services rendered at the late Institute. It is a matter of regret that all the teachers in the county could not be present. A. D. BARBER. Austinburg, Nov. 25th.

U. C. R.-T. A.-E. P. Hunnewell's Great Remedies. What Every Family should have in

house, and why.

house, and why.

They should have HUNNEWELL'S UNIVERBAL COCOUR REMEDY, because it effectually cures Colds, Whooping and Common Coughs, Sere Throat, Hearseness, and is the most simple and perfect Sootning Syrup in the world. For old or young, by day it night, it may be used with the greatest freedom, and three-fourths of the deaths by Consumption stopped, and itsents relieved of their suffering by what leaves no stain behind.

They should have HUNREWELL'S TOLU ANONYNE, because it is a perfect remedy for Neuralgia. Nervous or Sick Headache, Tooth and Earnche, St. Vitus Dance, Pain in Stomach or Bowels, Gennine Cholera Morbus, Rheumatism, Distress after Eating, Nervousness, Hysteria, and the chief of all causes of disease and insanity, Loss of Sleep. Its character, though active, is simple; its action in perfect conformity to nature; its end cure or relief.

For the pains of Monthly Menstruations the Anonyne has been most successful, while Nature's work is undisturbed, and is one of its most important points.

They should have HUNNEWELL'S ECLECTIC PILLS, because, with seldom but a Single Fill for a dose, all derangements of the Stomach and Bowels are cured. They cure indigestion, Dyspepais, Headache, when caused by foul stomach, loss of Appetite, Billiousness, so often and so erroneously treated with Mercurials, and Javadice. For Worms a sure cure.

They act simple, assist nature, do not make a Pill Box of

neously treated with Mercurain, and Auronice. For worms a sure care.

They act simple, assist nature, do not make a Fill Box of the stomach; as is the most fatal error of taking so many Pills at a dose; and then, what is important to every Family and every Furel, one bottle goes as far as two or three of what is ordinarily sold.

If the above reasons are not good, and results do not conform to declarations, I will request my agents to Refund the Money. This is the basis of My confidence, and that of the public is asked to test
